# AXM Token Presale

Get ready for a groundbreaking opportunity as Axmint, a leading blockchain project, is thrilled to announce the upcoming presale of its highly anticipated AXM token. This presale marks a significant milestone in the Axmint journey, and investors worldwide are invited to participate in this exciting event.

AXM token is the native token of Axmachine Blockchain Services Pvt Ltd, having a total supply of 250 million distributed into 6 different networks, primarily on BSC and then on Polygon, Arbitrum, Solana, Avalanche, and Axlabs.

# 70%

is locked with a gradual release of over 17500 Days (47.94 years)

with 10,000 tokens minted per day. So the last AXM token will be released in the year 2071.

AXM Contracts on different networks with the same contract address, except Solana.

Ax Mint is the most competitive decentralized platform for earning crypto in the DeFi market.
